

Experience convenience and quality while reducing your lab's plastic waste by 30% compared to racked products

Sustainable Features

- Reduce plastic waste by 30% by reusing existing racks with filter tip reloads!
- Made with Biotix Pure 100% virgin polypropylene
- Fully Recyclable

Filter Tip Reloads allows ease of reloading tips on bench tops without contamination risk from coming into contact with tips. These quality tips are ISO certified, sterilized, DNASE, RNASE, Pyrogen, Endotoxin, and Trace metal free!
