

Introducing BIOTIX Pure Resin

Biotix is a sustainable manufacturer conscious of the impacts life science consumables have on the environment. We strive to leave nothing behind. With awareness of the impact additives from disposable plastic lab consumables have on the environment*, BIOTIX Pure Resin is made of 100% virgin polypropylene. No additives are released into the environment.

LEAVE NOTHING BEHIND®

Pure uTIPS & xTIPS

Enhance the performance and accuracy of your experiments and improve global health with Pure uTIPS & xTIPS. Pure are made with pure resin and patented technologies to improve accuracy and precision. Flexfit™ lowers necessary insertion and ejection force by ≈70% to make a secure seal and Blade™ lowers the chance of hanging droplet formation. Same great tips and better for the environment!
